Customer Reviews

As someone who has had the honor of having a pinup design drawn in my likeness, I was thrilled to see that Cheri Shull made a collection of them into a coloring book! However, there were many pages that were cut off at the bottom, and some pages have a light grey line across the bottom. It's very strange. I thought this may have been a printing error, but others who have received this book in different parts of the world have had the same issue. Regardless, the artwork is STUNNING and beautiful, and each character tells a story. Really proud to have this book in my collection, regardless of the minor printing errors.

HOW COULD I NOT LOVE THIS..... IM IN IT!!!!!! Also, Cheri Shull is an AMAZING artist! Her work is quite UNIQUE If u LOVE to color I recommend this and several others of Cheri's books!!!!!!

I love this book because each pin up is different because they are based on real people so they don't all have the same proportions which keeps things interesting.

I just received this book today and I cannot wait to get started. I had to buy 2 because I knew my daughter would snag mine. So fun!
