Customer Reviews

this is a great concept, but the pages are glossy and all the ink wipes off when you try to erase, or get a drop of water on it.

Have had a perpetual calendar for years a loved it. Ordered this one and date lines are too short and cramped to add multiple names to a date. Looks nice but to functional when you have more than 1-2 names on a particular date.

Would prefer to have more free space for writing.

Very pretty, and what a great price! Plan to use this for many years to come to keep track of friends' and family birthdays. Colors are great, and it's a nice size. Would be a nice gift for someone too.

Very nice. I bought it for my grandmother who had been looking for one forever. She lives in another continent and this was one of the things I gave her when I got to visit her. She wasn't expecting it, so she was thrilled. I think these calendars are very helpful.

It's very nice but I sort of wish there had been a bit more room to write.

I got this as a gift and am loving the way it looks on my desk. It's especially nice in these winter months to brighten things up when there aren't too many fresh flowers around. It's not the type of calendar to use when scheduling meetings or things like that, but it's great that I can use this year after year to remember birthdays, anniversaries and such.

It's beautiful and useful, however I like the format to be one column of 31 days. Thanks.
