# Manga To The Max Robots: Drawing And Coloring Book

## Synopsis

The year is 2238, and humans now share the Earth with many alien incomers from other worlds. With such an influx of new entities and alien technology, crime has flourished, and it's up to the United Earth Enforcement's (UEE) army of robots to help maintain peace and enforce justice on an increasingly diverse planet... Part coloring book, part drawing lesson, part sketchbook, and part story, *Manga to the Max: Robots* takes you inside a futuristic world-building adventure and shows you how to bring that world to life. Inside you'll find 32 pages of awesome robots to color and create, each with its own distinct storyline introduced on the flip side of the coloring page. Stunning full color examples are provided to get you started, along with an expert guide to crafting, drawing, and detailing your own unique manga characters. Printed on high-quality, extra-thick paper, all of the pages are perforated for easy removal and display.
