## Customer Reviews

I love mandalas. The first one from this book had thick black lines and dots, which I'm not used to. It was a perfect opportunity to use my neon pencils, and it turned out so cool. I've seen many pictures other reviewers have posted who used gel pens. I can see how gel pens would work well, probably better than pencils, so I ordered some gel pens.

Review for Mandala Coloring Book Mega Bundle Volumes No. 2-3, No. 4-5 and No. 6-7. Very generous selection of mandalas to enjoy coloring; 100 unique mandalas per volume. As far as I can tell there are no repeats throughout all three mega volumes or within each volume. These are printed on fairly thick paper and on one side only. Some bleed through will occur when using alcohol markers. The printing resolution is of consistent high quality. The mandalas range from very simple thick lined mandalas to extremely intricate and detailed mandalas. About one quarter are simple and

the rest ranging from medium difficulty to very challenging. All are quite uniquely beautiful. Getting out the alcohol markers, fine pointed colored pencils or ultra fine markers and applying to these volumes will surely lead to creativity, peacefulness and your own unique mandala creations - Three Hundred of them divided amongst these three mega volumes. But you could just start with the 100 in this book !!Highly recommend!

Understand this is just a coloring book, using for mandala/tangle ideas. Paper poor quality so design lines not crisp. Generally good to get ideas from but would not commit any color to these pages.

Lots of nice mandalas with various levels of difficulty, some seem wasted though with very thick black lines. Some of the mandalas could be colored by a child and others a very experienced adult with a good eye.

very impressed with the quality of the paper and all of the designs are beautiful! i would highly recomend this book to anyone that loves coloring mandalas!

I love these types of coloring books!! They can make a stressful day just melt away.

Purchased as a gift reported back to me that she loves it.

Love this! Wish the pages were perforate.
