# The Recorder Fun Book's Big Song Book: Featuring More Than Seventy Songs Using Just Six Different Notes

## Synopsis

From the author of The Recorder Fun Book (also available on [Amazon](#)), this book for beginning recorder classes features over-sized notation with two versions of each song - one with the letters inside the note heads and one without. With more than seventy songs included, The Big Song Book uses just six basic notes (G, A, B, C, D and E). A great book to get your recorder students up and playing lots of music quickly.

## Customer Reviews

This is a great supplement to beginning recorder. Its aim is at young kids who have played less than 6 months. Only caveat is it is just Folk Tunes, nothing modern, most of the songs my kids had never heard of, but that's what Youtube is for.

I bought this book for my eight year old granddaughter, who learned to play the recorder at school. She was immediately able to pick up the book, read music, and play songs from the book. She was delighted. She was also pleased to find a song in her book that her class had already learned at school. All in all, very pleased with this purchase. Would recommend.

The title is a little misleading in that you get the idea you'll have big ol' songs to learn when most of them are only two lines long. That said, they were easy for my daughter to play and helped her learn to read music better, which was the goal.

This is a great little Recorder book. My 10 year old granddaughter is learning to play the Recorder at school. She has picked up on reading the notes quite well, so I am adding this book to her "music" library! I'm sure she will be playing every song in this book before long. This is a great book, at a great price, and the shipping was awesome. As usual, "" never disappoints me, no matter what I might decide to purchase.

Quite dissappointed by the songs, since it introduces very early the high E note, which in my opinion is the hardest for elementary kids to execute properly. However, it sticks to the 78 songs with only six notes promise. The price printed on the face of the book says \$7.95. At least erase it or cover it before advertising its \$9.99 price as a great deal!!

My grandson enjoyed this book and can play most of the songs. His only comment was that it would be nice to have the words to the songs also included.
