# Creative Haven Celtic Designs Coloring Book (Adult Coloring)

## Synopsis

These 31 original designs were inspired by and adapted from authentic Celtic artwork. The collection contains full-page examples of key, step, and knotwork patterns as well as spirals and interlacing "ribbons." In addition, the intricate illustrations depict such favored Celtic subjects as birds, fish, reptiles, and insects within stunning decorative borders. Illustrations are printed on perforated pages for easy removal and display. Specially designed for experienced colorists, Celtic Designs and other Creative Haven® adult coloring books offer an escape to a world of inspiration and artistic fulfillment. Each title is also an effective and fun-filled way to relax and reduce stress.

## Customer Reviews

I love Celtic designs and this coloring book has many that will be great to color. There seem to be two major styles of designs in the book: the first is geometric patterns which will be fun to color but which are not what I think of when I think Celtic. There are only a few of these designs. The second style is very antique looking Celtic-inspired vignettes and whirling and twirling designs that I look forward to coloring. Some of these designs have intricate parts but for the most part, they are detailed rather than small and should be fairly easy to color. There are a couple of designs that will be more difficult for those whose eyesight or fine motor control is compromised. There is also an

almost gray scale type finish to some areas which actually remind me of pointillism as it is made up of tiny black dots. On the whole, I think it is a great book and will provide fun and some challenging designs to color and really appeals to that small part of Irish in my genetic make up. The designs are printed on only one side of this good weight perforated paper. Creative Haven does an excellent job with their printing and their paper stock and I can count on them to be consistent. The binding is glued rather than sewn and pages are easily removed if you prefer to do so. The designs all stop well before the perforations so you won't lose any portion of the design if you remove it from the book. All of the designs have a framing line around them. I really appreciate when an artist does this as it gives me a natural stopping point and a more finished project when I am finished (not to mention saving me time and ink.) All of my markers, both alcohol and water-based bleed through this paper to some degree.
