FJH Music New Directions For Strings, Violin Book 2

Customer Reviews

The music material is good - I think this could be an excellent teaching tool. However, the CD is so jazzed up (with a full band and heavy rhythm/drums) that the melody line is completely lost. My students could not hear their part when they tried to work with the CD. Also, most violinists are trying to learn to play classical - I felt this CD leaned more towards rock music or at least band music. Not really a fair example of what type of group a violinist will end up playing with.

This book has given me the motivation to practice. My teacher is very happy with me and I am enjoying my lessons with much pride!!

My daughter need this book for her orchestra class. Received it in a timely manner.

works.
