Hand-Drawn Mandalas Coloring Book, Volume Two: An Adult Coloring Book For Stress-Relief, Relaxation, Meditation And Creativity (Jenean Morrison Adult Coloring Books)

Synopsis

Calming, creative and complex, Jenean Morrison's Hand-Drawn Mandalas Coloring Books are a fantastic way to destress, decompress, or just make some beautiful images. Each of the 30 mandala designs was hand-drawn by Jenean and features an organic quality in both shape and line weights. The spaces within these designs are a bit larger than in Jenean's other books so you can use your creativity to fill them up with solids, dots and your own colorful designs! This series contains images printed on the fronts of pages only (so you don't need to worry about bleed-through if you choose to use markers) and comes in a square 8.5" x 8.5" format. As always, Jenean hopes you enjoy coloring this book as much as she enjoyed creating the designs!

So excited to get these, I ordered both of the new mandalas books! I love how portable they are and the pages are one sided and great for coloring with markers. These are my new go-to books for coloring therapy! I love filling in the sections with lines and dots, alternating solid sections with patterns. I think I might be turning into a collector!

I am pretty sure I own all the coloring books by Jenean Morrison. I have 3 flower design books and the 3 mandalas. They are totally amazing and I'd order every single one all over again to just recolor. I can't even count the amount of hours I've spent coloring in these. It's been months since I bought

the first book and haven't slowed down at all, plus had to have the rest!

Jenean Morrison's Volume 2 Mandala coloring book is, as usual, very nicely put together. There are flowers, lots of circles or highly geometrically diamond-like designs; sometimes both in one design. All have the special flavor of sought after fabric designer. To my eye there is a slightly retro look to her work. I enjoy working her designs very much. The particular colorists are looking for: ~ 30 mandala designs, no repeats from other volumes ~ pages are single sided printed ~ High quality printing resolution. ~ some highly detailed ~ some give room for adding your own details ~ most of the mandalas are about 7" across centered on the page ~ the book is 8-1/2"x8-1/2" in size ~ designs do not have a frame border ~ a few pages have a smaller mandala repeated 9 to 12 times on the same page ~ these are not computer generated, yet are precisely hand drawn - that takes lots of skill! ~ this is a bound book, pages are not perforated for removal. Lucky us, the creative possibilities of color and medium choices is endless. I find working with mandalas to be very meditative, relaxing and satisfying as the colors pop and the design begins to emerge according to my color choices and placement.

I use to love to color when I was a child, found these awesome adult coloring books... very relaxing. I put on some music or have a movie playing in the background and lose myself to the Mandalas... awesome designs, the possibilities are endless.

If you like Jenean's other books, you will love this as well! A smaller sized book, with hand drawn mandalas that one single sided pages. Perfect for all skill levels of colorists, and all ages as well!

Jenean Morrison has yet to put out a dull coloring book. My go-to for when I feel like relaxing by coloring. Fantastic designs on every page, this book will not disappoint young and old alike.

All the pages are so similar it feels like you're coloring the same page over and over.
