Jean Haines' World Of Watercolour

Synopsis

Step into Jean Haines's distinctive, exciting world of watercolour with this, the ultimate guide to her influences, style and work. Jean's loose, expressive paintings are filled with colour and personality, and embrace a range of subjects that includes flowers, animals, people and places, all influenced by the countries and cities she's lived in and the people she's met during her life. This beautiful book contains easy-to-follow and inspiring introductory sections such as 'an artist's treasure chest' and 'the colour gym', offering practical guidance and in-depth exercises in an innovative and accessible way, and the numerous examples of Jean's work will inspire and encourage novice as well as experienced artists. After this introductory section, the book shows the reader how to put the skills they've learned into practice with gorgeous step-by-step projects packed full of expert tips and advice, encouraging them to move forward and develop their own style of working. Like her painting, Jean's writing is filled with passion and enthusiasm, transporting the reader through a world of watercolour that will not fail to excite and inspire.

Customer Reviews

Beautiful book, but I wish I had bought it in print instead of Kindle. The format is not great on Kindle. This is one of the few Kindle books that I have purchased out of many art books, that I have had this trouble with.

Jean's third book "World of Watercolor" is even more inspiring than the others. She not only shares her technique and unique perspective, she fills the reader with her infectious passion for watercolor

painting. There are tips and tricks galore for the novice and the accomplished artist alike. A must have!

What can I say. I just love this artist and everything she does. Yes there are similarities to the other books she has done, but so what. It is beautifully done and every Jean Haines fan should own this lovely book. She is generous with her knowledge, and more than that, so very encouraging. If you don't think you can do it, just read this book for daily inspiration and you will do it.

I love Ms. Haines' work, and this book takes you further into her mind as she paints various subjects. I was very happy to add this to my collection. It takes you through everything from selection of paint and tools through realizing your vision in paint. It won't make you another Jean Haines, but I'm certain it will add to any reader's repertoire of techniques.

Beautiful book! I have quite a collection of watercolor books, from beginner to advanced, and this is definitely one of my all-time favorites! Absolutely gorgeous artwork, and she explains how she got the effects that are so lovely and loose. She includes exercises that she advises to do before working on your masterpiece, on a daily basis; like warming up before a workout. She includes lots of easy to follow instructions; not how to make the same painting that she made, but how to achieve a similar look for your own original work. This is my first book by Jean Haines, but it will certainly not be my last. I highly recommend it, whether you are a beginner, a novice, or an experienced watercolorist.

I LOVE this book. It is perfect for anyone who wants to learn how to "let go" and learn how to be free with watercolor. I have MANY watercolor books...this is my favorite.

One of the best books I've seen about watercolor! The detailed painting demonstrations are clear and succinct.

Gorgeous book for watercolorist. She is free and easy but gets some breathtaking results
