Customer Reviews

I want to start out by saying that I own many adult coloring books but this is my first ever purchase

of a Kathleen Julies Swear Word Coloring books and it definitely will NOT be my last. I am so impressed by her designs and style and cannot wait to get more of her books. Not only did I like this book because of it's Swear words and rude sayings, but because the detail around them is absolutely wonderful. I personally love coloring animals and design but I love coloring Shapes, paisley, mandala Designs More. She really outdid herself on this book. Being my first book by Kathleen Julie, if this is an indication of how all her books are, I will be the proud owner of them all someday if not Soonest. The pages are a tiny bit thinner than normal but I always just place a few sheets of paper or a piece of poster board in between them anyways to ensure nothing goes through to the next page. There are no perforations in this book and it's got about 20 Pages of Unique Designs in it. I absolutely would recommend this book and if I could give this 10 stars, I would have!! LOVE, LOVE, LOVE it!

I have over 20 swear word coloring books and this is one of the worst ones yet. The pages are not centered and half the pictures are cut off. i also find the designs are lacking in originality. I'd would spend my money on a different book

Very funny for those secret pictures that you color when no one is looking and only share with your very close friends. Great stress reliever. Bought as a gag gift for a friend who needed some cheering up and when I realized how great it worked I bought a few more for myself and other friends. Now we color our pictures when we have a rough day and send copies to each other via text message.

I thought this would be perfect, since I love adult coloring books- I was wrong! It was okay but it's pretty cheep. I guess that's what I payed for but I found the paper was VERY thin and the designs weren't that great.

Another great addition to my collection of Kathleen Julie's books. So beautifully hand drawn and so lovely to color those naughty words

Omg! I have never laughed so hard! Thank you so much! For the people who have given you bad reviews, they obviously does not have a great sense of humor! I will be buying your others!

Must have in your adult coloring book collection! Well drawn art work and will keep you laughing!

Love It!
