# A Beginner's Guide To Airbrushing

## Synopsis

A thorough manual on airbrushing techniques for beginners. Learn all the techniques you will need to achieve sensational, photographic-style artwork. Detailed step-by-step guides and accompanying photography make this technical art form accessible even for the absolute beginner! Use erasers, scalpels, crayons amongst other devices to adapt and transfer photographs to your own illustrated designs. Expert airbrusher and photorealism artist, Meinrad Froschin, lends his expertise, providing insider tips and advice on materials and equipment while simultaneously giving an insight into his artistic work, particularly his use of transparent colours.

Best Sellers Rank: #400,280 in Books (See Top 100 in Books) #14 in [Books > Arts & Photography > Graphic Design > Airbrush](#)

## Customer Reviews

I bought this for my son to go with his first airbrush. After scanning through it I found it to have good info. A nice base for the beginner. He read it and said he learned a lot. It gave him the confidence to pick up the gun and start airbrushing.

Very in depth, covers alot of different styles of airbrushing, should be something for almost any airbrush artist in here. Wish this edition was bigger tho, small pages make analysis of images hard.

Good reading for a newcomer
