Customer Reviews

I have never heard of Karen Kingsbury till I found this book on my bookcase. I know that I got it at the library rummage sale last summer (I get three or four big boxes of books every summer there and I usually just grab the ones I figure would have good story lines even if I have never heard of the author before) and the other day, I needed a break from my other reading ~~ so I picked this up. I read it in one day as I couldn't put it down. It was beautifully written and yes, it made me cry. John and Abby's story is wonderful, sad, poignant and inspiring. I do have to point out though that while I believe in miracles, and that God has a plan for each of us, this book has a way of having everything work out beautifully and perfectly ~~ just believe in God and it will all work out. Sometimes, in real life though, things just don't work out the way you hope ~~ and this book is a little bit misleading in that regards. Not everything comes up peachy keen. And Kade's story is really irrelevant to this whole novel ~~ it was also glossed over. I hope Kingsbury writes another book focusing on Kade's story more. It really is a good story but not relevant ...John and Abby have finally gotten back together after struggling for three years of whether or not to stay married. They have

rediscovered their love for one another. Nicole, their oldest daughter is happily married and has a secret of her own. John is fighting pressure to remain as the high school's football coach ~~ parents are putting the pressure on him to get their sons out in the fields. Life was getting tense again when tragedy strikes. John and Abby face another difficult challenge in their lives and in their faith.
