Customer Reviews

I love this monthly planner. I wanted just a simply monthly planner to keep on my desk in my office. I use it to jot down important events, doctor appointments, work schedule and birthdays that I later transfer into my phone. I did not want a weekly planner added in, I did not need 50 pages of address books, note paper, holidays and all the other junk that other planners add. I wanted something small enough to not get in the way yet large enough not to get lost and to be able to write multiple things in. I like the side note area, great for scribbling in things I have to do or something coming up that does not have a date yet. The color me part is a bit misleading. It is just the front and back cover you can color. Fine with me because I probably will not color anything but nice for someone who was looking for shades of blue or florescent planners, now they can color it however they want.

I couldn't wait to receive this planner since I've been looking for something like this for a long time!

The description says "encased in a protective plastic covering that doubles as a storage pocket" but the product I received was only a paper planner without a plastic cover. It won't last a month being tossed around in my work bag! It also arrived with dark glue spots on the front and back so it sticks to everything including other papers and my desk. Very disappointing!

I am in love with this planner, I don't care that it didn't come with a plastic cover. If you have a previous planner, take it off and put it on this one. I can't wait to color and design it myself. I would highly recommend using sharpie markers as anything else will smear and run if it gets wet, or even while you are coloring. This is super cute and I am so happy with my purchase.

I needed just a monthly planner but wanted something fun!!! This is perfect and exactly what I needed. Plus it gives me something to color during meetings!
