Customer Reviews

I was really disappointed with this coloring book. I was expecting it to be designs with the inspirational saying worked into them, but it wasn't. Instead, all of the designs are just doodles that are captioned with an inspirational saying. The designs, however, are somewhat decent. They have enough detail to keep me occupied. I had originally bought this to be a gift for a friend, but I decided to keep this for myself and get her a better coloring book.

Of all my coloring books, I am sorry I bought this book for several reasons. #1 The pages aren't perforated, so it's very difficult to color close to the binding and to keep the extra sheets of paper between the pages to prevent transfer in place. #2 Poor quality of paper, I use magic markers and it soaks it up like no bodies business! Markers aren't cheap but I prefer them... but using twice as

much ink as normal is not worth the pictures. They aren't that great. #3. Pictures aren't that great, many have a single or just a couple large flowers on it. More like a child's coloring book. Some are more complex, but nothing special. Very disappointed. Would not recommend : (

These hard hard to color and most are blurry and very small even for gel pens. The quotes are good but they are just printed in regular type at the top. I have found better for less \$\$

Some of the images are poorly put together with missing parts and printing errors. They are also pretty boring.

Simple but cute! I bought this as a gift for my sister but kinda wanted to keep it!! Great adult coloring book!!

Loved the book and it was beautiful to have as a present with coloring pencils.may be purchasing again for myself

LOVE, love, love this book. I only have 7 pages left to color. I'm going to look for more like it...or order this one again!

Beautiful pages with nice variety. This one has a little too much small detail for me. I have a hard time finishing these.
