This was the book that my son's 6th grade music instructor told me I needed to buy him for his Viola lessons. This book is MUCH less expensive on then it is in the music store and it is much more accessible. This book really helped my son learn the basics of playing the Viola. He had never picked up an instrument prior to playing the Viola and the way this book is laid out it is very clear and easy to understand. It comes with a DVD in the back that really helps as well. I highly recommend this book to anyone that wants to learn the Viola.

We have this at our school and I LOVE it!!!!!!! On some kids the cover fell off it because they don't take care of it but this is great!!!!!!!!!!!!!!!!!!!!!! Viola/Violin player

Pretty basic book but most schools use it. Reliable information and pretty well written actually. It has

its upsides but honestly, I always recommend Suzuki Method for my students.

This is the standard book needed for my daughter's lessons. It was in great condition; I like the fact that there are questions throughout the lessons that she can answer.
