Our Q&A A Day: 3-Year Journal For 2 People

Synopsis

With this one-sentence journal, couples can create a three-year time capsule of their relationship in the easiest way possible. Our Q&A a Day provides a question for every day of the year, with enough space for two people to jot down a one- or two-sentence response. The journal offers a variety of questions; some may address the relationship ("Where would you like to travel with your partner?"); others suggest writing something about each other ("What does your partner's laugh sound like?"); many are simply questions that each person answers individually ("What is your top priority today?"). Over a three-year period, both writers can see how their answers compare, contrast, and change as they create a lasting keepsake of their relationship.

Customer Reviews

EXPECTATIONS: Moderatel bought this as a last minute gift for my boyfriend for Valentine's Day. I am an artist and a writer who enjoys documentation of all forms, and I thought that this would be a fun little exercise to do every once in awhile.REALITY: Blown awayOnly two weeks in, this journal has become much more than "a fun little exercise." It is something that I look forward to doing every morning when I wake up. It has become a part of my daily routine, and I can't wait to answer the questions day after day. My boyfriend most definitely feels the same way.Not only is it fun, this journal has been the beginning of a lot of great conversations in our relationship. Even the silliest questions, (ie "What's the softest thing you are wearing today?") are a cause for self reflection and discussion, since I get to wear my PJs (I work from home), and my boyfriend's softest thing are his

socks (poor sucker goes into a corporate office day after day). More serious questions have led to conversations about race (we are an interracial couple), culture, body image, etc. I am truly looking forward to seeing how our answers change over the years, and I can't wait to see all of the questions that are in store for us for the upcoming year!

OTHER OBSERVATIONS:

Bookmark: It has been mentioned in another review, but I really wish there was a bookmark in the journal, since it is large. I taped a piece of yarn to the spine, and we are using that as a bookmark. It works just fine, but aesthetically, an actual bookmark would have been helpful.

Size: It is a small (7x5.5 inches), thick (1 inch) book, which keeps the answers short and concise.
