Customer Reviews

At first I was going to say its a pocket calendar no big deal but it is a big deal. I have been working on weaning myself from the tech addiction and I know I am always turning to my cellphone for the date which in turn leads to Instagram, Candy Crush and the latest trends home decorating. The other plus is that the act of writing it down helps me remember appointments better. When I put it on my online calendar it means I am forever late to all appointments and meetings.

I love these two year planners. The once that I usually carry only has one year to it and is cheaply made. Not this one. Beautiful cover nd each box is large enough to write your medical appointments, hair and nails appointment and your vacation or work schedule
