Customer Reviews

The folks that do these calendars have done it again, good choices to depict the world of the 23rd century. I have collected these calendars for some time now, and never cease to be amazed at the excellent work the artists put in. You ,too, might consider investing in this type of record keeping for your own home. It's money well spent.

I've been buying this calendar for years. This calendar features a lot of pictures of the Original Series Enterprise, which is my favorite ship so I like this calendar a lot.

A excellent product purchased for the up coming year recommend buying for any Star Trek fan from any of the Star Trek franchise's to be enjoyed all year long

I mean to say that the calendar in each page. is small part of the page but I guess you are getting this for the pictures and those are great.

This year it's very TOS centric, but always great to have at my desk.

What a great Star Trek calendar with a fabulous centerfold
