Customer Reviews

This is a fantastic book of Christmas cards and gift tags to color. I copied the designs on card stock then colored them to give to friends and family. The designs are also included as full coloring pages. This is a book you can use year after year. It helps reduce the stress from all the busy activities of the season and also increase the holiday cheer. I highly recommend this book

Not happy. Thought I was getting Christmas cards on quality paper. Cannot give to Mom in law. Yes she is adult but not into sexy girls. Wanted the cute mouse in a cup. Will keep but dissatisfied!!

I was really disappointed to see 2 cards and the same 2 pictures in the book.. If I had known these inappropriate pages were in there, I am not sure I would have ordered this book. I removed the 4 pages and shredded them. The rest of the book was cute and easy enough for beginners.

Subject matter was wrong. It has barely clad women in Santa suits. Not what I wanted. I suggest you get a different book.. I am very disappointed.

I was very disappointed with this book. There were several pages that were not appropriate at any age. The rest is so simplistic I will let my 5 year old granddaughter color it and it may even be too easy for her. Really poor. Printed on lightweight paper. Sounded like it was card stock. I would be embarrassed to send any of these. That will teach me, I should have taken time to read the reviews.

I wish I could say that I like this book but I can't. The paper is thin, the images are cartoonish and the only way you could use the images for cards or gift tags is to copy them onto card stock. I would return the book but it would cost me more than it is worth. I will find a child and give it as a gift. Not for grown ups in my opinion.

Not very good paper, very low quality line drawings, don't waste your money

This a project for ages 5 to 10 years. It would not take much art talent. A couple of the pictures are not really for this age group!
