Customer Reviews

Great designs in this book, and many are full page rather than just one mandala in the middle of the page. The reverse side of each design is blank - to me essential in a coloring book for adults. Fun to color too.

Because of one click button i bought that instead of another, in my opinion nicer than this one. But the Mandalas in this book are nice, look like indian motifs, and to return would be more expensive than I had spent in the first place. Of the mandalas books, it is one of the nicest ones I have seen. 3 stars

Book is great, drawings fun and varied, some having more details. My only criticism is it could have thicker paper. I like dark color and found it can bleed to the next page (using Crayola colored pencils).

I bought this for our granddaughter for her 19th birthday. She loves it! Very relaxing. She said it's the best present she has received in a long time! Thanks ---

So fun. Got it for my 10 and 14 year old grand daughters. The book is suitable for older children and adults. Intricate designs. I purchased a good set of colored pencils to compliment the book.

My daughter wanted a meditation tool and says this was excellent to help her quiet her mind and focus.

Nice pictures, but thin paper and pages are not perforated.

Very thin sheets of paper with bad detail. Black outlines aren't thick at all and colors bleed through the cheap pages of this book compared to other coloring books out there.
