## Customer Reviews

All her books are invaluable for their intended purpose: learning aspects of the cello. Cassia Harvey has a genius at creating interesting teaching exercises. This one deals with many of the elementary on and off the string bowings. I'm a bassist who tunes in 5ths, CGDA, and is in rehab from shoulder surgery. Ms Harvey's books have been useful in regaining my both my RH bowing and LH functions. The down side for me is that I need a bit more explanatory text. Cellists seem able to tell from a finger number what string is intended where I find ambiguity. Five stars for every one of her many books I have bought so far.
