I am deleting this book. Unfortunately there are no recipes I can use. Just purchased my crock pot

and have been researching recipes but all use canned soups and ingredients that are not allowed in certain diets. I'm sure someone else may be able to use this.

Wonderfully easy, delicious recipes. Get this book. Use it and shopping is easier, prep is easier, your kitchen is cooler and your family is fed well.

I am enjoying cooking all these delicious and healthy recipes. I wish I would have purchased this book a lot sooner!.
