Customer Reviews

I have a couple of Splash books and think they are great because you get to see such a wide variety of styles and paintings using different mediums. I look through them when I am looking for inspiration for a painting

Splash 1 - watercolor - has a bit more abstract themes than some Splash. It was OK, just not one of my favorites.

Love looking at these books. This is the first issue of the series. It was reasonably priced and arrived in great condition. I'm working on collecting the whole series, 1-14.

All the books of "Splash" are the best ones for Watercolor! I lost this one long time ago and I'm happy I was able to buy it again. Thanks a lot!!

The book is in good shape but I misread or didn't notice, if it was noted, that the book would not

have a dust cover. I can enjoy the book itself but on my bookshelf it is a mismatch to the other Splash books I have. The series is very good and I would highly recommend it. Read the description carefully if you are interested in the looks of the outside as well as the inside. I may have paid a little more for the dust cover to be included.
