Escape From Camp 14: One Man's Remarkable Odyssey From North Korea To Freedom In The West

Synopsis

With a New Foreword
The heartwrenching New York Times bestseller about the only known person born inside a North Korean prison camp to have escaped
North Korea's political prison camps have existed twice as long as Stalin's Soviet gulags and twelve times as long as the Nazi concentration camps. No one born and raised in these camps is known to have escaped. No one, that is, except Shin Dong-hyuk. In *Escape From Camp 14*, Blaine Harden unlocks the secrets of the world's most repressive totalitarian state through the story of Shin's shocking imprisonment and his astounding getaway. Shin knew nothing of civilized existence—he saw his mother as a competitor for food, guards raised him to be a snitch, and he witnessed the execution of his mother and brother. The late "Dear Leader" • Kim Jong Il was recognized throughout the world, but his country remains sealed as his third son and chosen heir, Kim Jong Eun, consolidates power. Few foreigners are allowed in, and few North Koreans are able to leave. North Korea is hungry, bankrupt, and armed with nuclear weapons. It is also a human rights catastrophe. Between 150,000 and 200,000 people work as slaves in its political prison camps. These camps are clearly visible in satellite photographs, yet North Korea's government denies they exist. Harden's harrowing narrative exposes this hidden dystopia, focusing on an extraordinary young man who came of age inside the highest security prison in the highest security state. *Escape from Camp 14* offers an unequalled inside account of one of the world's darkest nations. It is a tale of endurance and courage, survival and hope.

Customer Reviews

Shin Dong-Hyuk was born in Camp 14, a North Korean political prison/labour camp, a camp from which there is no release for its inmates, a camp with a strict and harsh regime, where there is little food, and where the work often results in early death. No one has escaped from Camp 14 or any other such camp, that is until Shin succeeded in early 2005, eventually making his way via China and South Korea to the US. *Escape From Camp 14* is his story as told to Washington Post journalist Blaine Harden. It details the inhuman existence that is life within Camp 14, where prisoners are pressured to inform on each other including their own family, where punishments are harsh and handed out at the whim of their superiors be they prison guards or fellow prisoners designated as supervisors. Life is cheap within Camp 14, beatings can be so extreme they result in death, there are regular public executions and possibly much more regular private executions. Anyone caught trying to escape is executed, and members of their family face reprisals. Born into such an existence Shen knew no other way of life, he knew nothing of the world outside of the camp, that is until he met a new inmate who gradually enlightened him, and fuelled his desire for escape. This is an easy read in that the prose is fluent and very accessible, but it is far from an easy read when considering its content, the descriptions of life in Camp 14 do not make for comfortable reading. Harden eases the readers progress through Shin's harrowing account by regularly interspersing it with facts about life in North Korea, Korea's history and its relations with the rest of the world. This is a story that deserves to be told, and that needs to be read.
