Customer Reviews

I really love Art Nouveau and to have it in vector format is great. When you need to enlarge these designs you do not lose any detail. I salute Dover for bringing some of their clipart offerings into the vector format and I hope they are able to do more of them.

The CD downloaded well and the designs integrate into Photoshop easily. I especially like the frames provided in the book.

hubby is a woodworker and likes to collect designs he can use on projects. having the CD is a big help
