Customer Reviews

I received this recently as a gift and I love it! The designs are very cool and detailed; it is something that will keep you occupied for hours. I find coloring very fun and relaxing and this does the trick. There is a lot of variety in the designs, depending on what you are in the mood for and how intricate you want it. I am not artistic but nature but it makes me feel creative. I used color pencils for the designs but you could also use fine tip markers, pens or crayons. I plan on buying this book for my sisters and friends because adults can have fun coloring too.
