Customer Reviews

The poor quality of the images was a surprise. The graphics are very pixelated; home printing of images found on the internet would have yielded a better result.

This is not an adult coloring book. It is more on the level of a child's coloring book, with several complex designs included. I am disappointed in this product. Had I purchased it as a child's coloring book, it would be great. I was expecting an adult coloring book with more complex designs throughout.

A nice gift for adults who like geometric shapes and colors.

Beautiful drawings

Nice images

Exactly what I was looking for.

Thank you!

not really about geometry as much as jazzy art stuff
