The Blank Comic Book Panelbook - Staggered, 7"x10", 127 Pages

Synopsis

For drawing your own comics, here's a book with 127 pages, each with the borders for 6 comics panels already printed in. This "staggered" edition alternates between tiers with a larger panel followed by a smaller one, and tiers with a smaller panel followed by a larger; if you want six equal panels, look for The Blank Comic Book Panelbook - Basic. Customer Reviews

What you see is what you get. It is literally what is on the cover, on every page. This is what we wanted, but I just wish there were perforations, so you could rip them out more cleanly. It's hard to write on each page because of how the book is so tight, and the boxes are close to the binding.

I bought these for my daughter who loves to draw anime. The pages are consistent with normal, white copy paper. The breaks are clean and bold. This is a very good quality pad. Overall, a great way to keep creative children and adults busy.

I bought this as a Christmas gift for an (almost) 11-year-old boy who has recently become interested in drawing his own comics. He LOVED it! I would highly recommend it. I believe the price is very fair for a great product that will get a lot of use and encourage creativity. :)

I got this for a friend for his birthday. It's pretty cool for a blueprint of a comic book if you're wanting to write one. The only thing is that the boxes on every page are the same. I was hoping for more

variety when flipping the pages.

We purchased this book as a gift for my niece on Christmas because she just started watching Anime and has been drawing a lot of stories out on lined paper. She was so excited, the perfect gift for an artistic 9 year old.

Great weight on the paper.Blocks are pretty large. Great for beginners!

Exactly what I expected and shipped on time.

Perfect for my budding comic! She loves that the spaces vary in size. And that every single page is identical. Plus she can cut out pages to share with friends. Very good buy!
